EXPERIENCE

- **BCS Financial Group, bcs.ru** Remote
Frontend Developer 2022 – present
 - Developing new features and optimizing user interfaces for an investment and trading platform using React-based SPA, addressing technical debt, and streamlining the development backlog.
 - Creating a design component system using Material UI, styled-components, and Storybook, enhancing UI consistency, code reusability, and development efficiency.
 - Successfully migrated the project to utilize RTK Query, integrating code generation based on OpenAPI.
 - Conducting codebase refactoring for enhanced maintainability and scalability. Optimizing performance of desktop, mobile, PWA, and webview versions to improve load times and overall responsiveness.**Stack:** JavaScript, TypeScript, React, Redux, Redux Toolkit, RTK Query, LESS, Ant Design, Material UI, CSS-in-JS (styled-components, emotion), Storybook, Lightweight Charts, Lerna, Webpack, Vite.
- **R-Style Softlab, softlab.ru** Remote
Frontend Developer 2021 – 2022
 - Developed hybrid mobile applications using Ionic and Apache Cordova frameworks.
 - Created design components library with Storybook, migrating codebase from AngularJS to Stencil.**Stack:** TypeScript, Angular, Ionic, Cordova, Stencil.js, Storybook, Jest.
- **Institute of Laser Physics SB RAS (ILP SB RAS)** Novosibirsk, Russia
Researcher at Quantum sensors lab 2015 – 2021
 - Conducted theoretical and experimental research on developing an optical frequency standard based on cold and trapped Mg atoms.
 - Designed and engineered a thermostabilization system with C++ and LabVIEW utilizing ADC-DAC, and developed theoretical models in MatLab of laser fields interacting with cold atoms.
 - Wrote articles for scientific journals, delivered presentations at international conferences.

EDUCATION

- **Institute of Laser Physics SB RAS** Novosibirsk, Russia
PhD program, specialty – Optics 2015 – 2019
- **Novosibirsk State University** Novosibirsk, Russia
MSc in Physics, Department of Quantum Optics 2013 – 2015
- **Novosibirsk State University** Novosibirsk, Russia
BSc in Physics, Department of Quantum Optics 2009 – 2013
